

What if God is speaking and we just can't hear him? Is there a way to turn up the volume? When it seems that there is some kind of sound barrier between you and God it's possible that there is something in your life that is keeping the volume turned down. Here are some troubleshooting tips that reveal some of the more common problems in our communication with God.

What if God is speaking and we just can't hear him? Is there a way to turn up the volume? When it seems that there is some kind of sound barrier between you and God it's possible that there is something in your life that is keeping the volume turned down. Here are some troubleshooting tips that reveal some of the more common problems in our communication with God.
